# CDM Smith

## CDM Smith is a top-ranked global contractor and leader in at-risk project delivery.

The firm has executed **over \$2.5 billion** of design-build work for public, private and federal clients in the following areas:

- Water and Wastewater
- Facility Construction
- Transportation
- Energy
- Remediation
- Disaster Response

CDM Smith leverages the knowledge and expertise of our staff to provide innovative solutions from initial concept development through design, construction, commissioning, and operations and maintenance.

CDM Smith's designers and constructors provide the full range of construction services, including:

- Project Controls
- Cost Estimating
- Instrumentation & Controls
- Constructability Reviews
- Value Engineering
- Pilot Plants

From traditional design-bid-build and program management, to construction manager-at-risk, design-build-operate, and progressive design-build, our construction professionals are involved in early project planning and design to help our clients choose the right delivery method, while focusing on cost management and effective quality control.

**Currently seeking Construction Specialists for nationwide opportunities. Background in Construction Management, Civil Engineering or Mechanical Engineering preferred.**

Interested in learning more about our current job opportunities? Visit us online at [cdmsmith.com/join-us](https://cdmsmith.com/join-us) today!

Founded in 1987, The Conlan Company delivers true professionalism in general contracting, construction management, and consulting services for the commercial building construction industry.

# CAREERS AT CORE

Start & Grow Your Career With CORE

At CORE, we are looking for people who share our values and who want a career, not just a job. As a member of the CORE team, you will contribute to a wide range of construction sectors, be involved in complex projects that will help you grow as a construction professional, and be part of a team that works together every day to build communities across the country. Are you ready to take the next step in your career?

If you're looking for internship opportunities, CORE's program offers a unique and challenging opportunity for motivated people who are passionate about construction. We aren't looking for interns to get coffee and make copies. We're looking for interns who want to get inspired and start their career with a nationwide company with room to grow. Many of our full-time employees and company leaders started off in our internship program and have continued to grow with the company.

Begin your journey today.

# WHO we build is just as important as WHAT we build.

Completing more than 8,700 projects, totaling \$29.7 billion, DPR Construction was founded in 1990 from the desire to be something different in the industry: An organization that exists to build great things—great teams, great projects, great relationships and lasting friendships. A place that provides people with opportunities to learn, grow and be better builders. An organization that cares deeply about changing the world and our surrounding communities.

# #10

DPR is proud to have ranked #10 On Fortune's 100 "Best Companies To Work For" list in America Rankings

# GL HOMES COMMITMENT TO EXCELLENCE

## GLHOMES

## QUALITY FROM START TO FINISH

Since 1976, GL Homes has grown from a small, local builder to one of the nation's largest. For four decades, GL Homes has created exceptional communities and built quality residences in Florida's most desirable locations. There are more than 63,000 people living in GL homes throughout Florida. Many have moved-up to their second, even their third, GL home. GL Homes' success is in the details. Many of the features that add value to a GL home and a GL community are not visible at first glance. Land purchases are strategically made. Master plans are crafted to balance the use of open space, lakes and recreation areas. Communities are carefully planned to be both beautiful and functional. Floorplans are scrutinized for a maximum use of space and functionality. Top quality materials are introduced at every step in the process. As you walk through our incredibly decorated model homes, you can see the difference in quality and excellence.

## BUILDING A FOUNDATION

Headquartered in Kansas City, Missouri, JE Dunn Construction is a family and employee-owned commercial general contractor with expertise in construction management, program management and design-build projects. With 20 offices nationwide, and a volume of \$3.2 billion for 2016, we are ranked as the 10th largest general building contractor in the nation by Engineering News-Record.

We enrich lives through our community service work, our development programs for employees, and most importantly through the people who use the buildings we have the privilege of building. We have found that inspired people build inspired places. And these places create and foster inspiration in the communities they serve.

Our **core values**, *safety, integrity, collaboration, wisdom, quality, value, and sustainability*, guide our decision-making and how we do business. These values enable and empower us to build smarter, better, more efficiently, and provide the maximum amount of value for our clients and the communities we serve.

We are committed to delivering the best project outcomes for all clients and creating the best work environment and opportunities for our own employee-owners. We are excited looking toward the future knowing that **we exist to enrich lives through inspired people and places in our pursuit of building perfection.**

# YOUR VISION | KAST OUR MISSION | CONSTRUCTION

**KAST Construction** is a full service construction management firm headquartered in West Palm Beach, Florida. KAST is diversified in a variety of market sectors including hospitality, multifamily residential, high rise condominium, private club facilities, office, municipal buildings, retail, healthcare, industrial, science and technology and the arts.

At KAST we believe that success is driven by innovation, creativity, and a focused, intelligent approach to everything we do. Our clients expect us to not only have the right answers, but to ask the right questions. To be more proactive, more insightful. To believe that nothing is impossible. **BELIEVING IN WHAT WE DO.**

To us, it's more than a paycheck. It's believing that the activities we perform on any given day will make a positive and meaningful impact to our clients and on every project we build. It is a deep commitment to raising the bar of excellence in our industry on every metric of productivity that exists. It is that strong sense of purpose we bring to the job that not only makes working at KAST such a rewarding experience, but also gives our clients a greater sense of trust in everything we do.

KAST has been ranked as one of the Best Places to Work in Florida by both Florida Trend Magazine and The South Florida Business Journal.

# WHO IS EVERGREEN CONSTRUCTION

Evergreen Construction is a full service multi-disciplinary general contractor and construction management firm offering comprehensive construction services. These services include pre-construction consulting, value engineering, construction management, general contracting, design/build and green building practices for both new buildings and renovations to existing facilities.

Based in Atlanta, Evergreen is well known for delivering outstanding quality and award winning projects in a number of highly competitive market segments including hospitality, higher education, K-12 schools, healthcare, performing arts, theatres and museums, religious buildings, sports facilities, laboratories, medical offices and clinics, retail, office/warehouse facilities, mission critical and office buildings. Because of this success Evergreen provides competitive salaries and benefits. Evergreen continues to serve the needs of private and public clients throughout the Southeast and is rewarded with their continued trust.

Evergreen Construction believes that their success begins with their employees. While professional, Evergreen's company culture is focused on creating a comfortable, stimulating and growth driven environment that encourages teamwork, open communication and camaraderie.

**Positions Available:** Intern | Asst. Project Manager | Project Manager | Asst. Superintendent | Superintendent

**Office Location:** Evergreen Construction, 3200 Cobb Galleria Parkway, Suite 240, Atlanta, GA 30339

**Phone:** 678.244.6500 | [www.evergreencorp.com](http://www.evergreencorp.com)

# Professional Development Program

*FINFROCK's Professional Development Program (PDP) is designed to attract, develop, and retain early career professionals with leadership aspirations and provide our corporation with a source of future leaders.*

**The program.** Identifies early-career individuals with strong inherent leadership behaviors, and it provides opportunities to increase their exposure to a variety of challenging work environments. Program participants develop a comprehensive toolkit to prepare for future leadership positions in business and technical areas.

**The team.** Participants perform rotational assignments, collaborate on company-wide projects, receive specialized leadership and technical training, attend in-house training programs and are encouraged to complete higher levels of education and licensure or certification when applicable.

**The value.** Offers hands-on training and experience for civil/structural engineering, architecture, building construction, and other technical degreed candidates.

**Diversity of Experience**

“The PDP program at FINFROCK is a crucial foundational experience. As an architectural intern, the knowledge I gained on rotation in the precast plant and out on job-sites was essential in my understanding of the built environment. I attribute my success at FINFROCK to the exposure to multiple aspects of the company that the program provided.”  
~ Zachary Horvath, NCARB Architectural Project Manager  
The Ohio State University and University of Florida

“Through FINFROCK’s PDP, I gained meaningful design and construction experience that provided me with insight in pursuit of my mechanical engineering degree. After spending a summer as a construction superintendent, I switched my major to civil engineering and continued working with FINFROCK until graduation. As a program participant, I worked in construction, manufacturing, transportation, and design which gave me an overall understanding of the entire building process, which was necessary for my current position as Executive Vice President.”  
~ Dan Helmick, PE  
Executive Vice President,  
Project Development  
University of Florida

# Internship Program

*FINFROCK's internship program provides the same PDP cross-departmental training opportunities for college students on an abbreviated 3-month basis.*

During this period interns work in at least two departments gaining skills and hands-on experience in FINFROCK'S Design-Manufacture-Construct process. Our multi-faceted company allows interns to understand the many different uses of their degree. Opportunities are available for college students majoring in the following disciplines:

- Engineering Design (Civil/Structural or Industrial)
- Architecture Design
- Manufacturing Processes
- Construction Management (Design-Build Construction or Project Management)

Internships are conducted at our campus in central Florida. If necessary, FINFROCK covers housing costs during your internship.

**NDC Construction Company** is a general contracting firm providing design-build, development and management services. Our project portfolio includes educational, institutional and retail spaces; medical office buildings; specialty entertainment centers; performing arts facilities and multi-family housing. Principals Ronald J. Allen, Gary L. Huggins and Gary Esporin lead from our corporate headquarters in Bradenton, Florida where the company has been located since the 1970's.

A recognized leader in our community and the construction industry, we serve with the utmost dedication and vision focusing on building a better community. Our keen ability to foresee the needs and desires of each community has been recognized by citizen groups, city council members, county commissioners and state representatives. Our unique business structure and philosophy attracts the best talent in the industry and fosters the highest standard of service and product quality.

NDC Construction's phenomenal growth is a result of customer referrals and a strong reputation in the industry. Recognizing the importance of our role as facilitators, we strive for clear and continuous communication which establishes early momentum and maintains a positive direction. This keeps key issues in the forefront and allows all parties to stay on schedule so they can take pride in the successful completion of each construction project.

Construction Managers**

**with Degree Plans in**

**Construction Management, Building Construction  
or Civil Engineering**

Orion Marine Group is a leading heavy civil marine contractor primarily serving the Gulf Coast, Atlantic Seaboard, Caribbean Basin and the Pacific Northwest. We provide a wide range of marine construction services on, over and under the water that include marine transportation facility construction, dredging, repair and maintenance, bridge construction, marine pipeline construction and other specialty services such as salvage, demolition, diving, surveying, towing and underwater inspection, excavation and repair.

With an 80 year legacy, we act as a single-source, turnkey solution for our customers' marine contracting needs. Our customers are federal, state and municipal governments as well as private commercial and industrial enterprises. According to Engineering News-Record, we are the fourth largest heavy civil marine contractor in the United States, as measured by revenue.

We own substantially all of our marine fleet, which consists of almost 400 vessels and specialized equipment allowing us to self-perform over 85% of our contracts. We are a market leader in most of our primary markets and employ a workforce of over 2000 people with regional offices in Tampa, FL, Seattle, WA, and Anchorage, AK.

EQUAL OPPORTUNITY EMPLOYER M/F/D/V

**Precise was founded in 1988 and is a 2nd generation family owned business with unparalleled expertise in specialized healthcare facility construction. Our primary focus is on building long term relationships with our clients by providing the highest level of service.**

We believe that the highest compliment we can receive is the “re-order”. Each year, approximately 80% of our projects come from existing clients. With over a quarter century of healthcare construction experience, Precise has a proven track record of success. We continually seek out clients and team members that share our business philosophies and core values.

Precise is led by Scott G. Johnson, Chief Operating Officer, and has approximately 30 employees. Our home office is located at 5026 Trenton Street, Tampa, FL 33619. Geographically, we are focused primarily on projects in the Southeastern United States, but we will service our existing clients anywhere they go. In 2014-2016, we have constructed new healthcare facilities in Florida, Alaska, Georgia, Oklahoma, Ohio,

Pennsylvania, and Missouri. The majority of our projects are located in Central Florida.

In addition to providing negotiated general contracting, construction management and design-build services, Precise provides turnkey development services, site selection, pre-construction feasibility studies, due diligence investigations, and consulting services. Precise is actively involved in the greater Tampa Bay community and we support our clients and their causes, wherever we provide service.

We are committed to hiring the best and brightest within our industry. We are recruiting Project Managers and Project Engineers to join our Team in Tampa. *If you are looking for a challenge and want to join a company that treats you like family, you've found a home at Precise.*

## Project Engineer Career Opportunities

[www.structuralgroup.com/careers](http://www.structuralgroup.com/careers)

### About Structural Group

With member companies dating back to 1902, Structural Group is firmly committed to its ongoing mission of making new and existing structures stronger and last longer. As a recognized leader in the specialty construction industry, Structural Group delivers turnkey solutions that integrate technology, engineering, and construction. We provide specialty contracting services through our construction companies, and state-of-the-art proprietary products and engineering support services through STRUCTURAL TECHNOLOGIES.

### Products & Engineering:

**STRUCTURAL TECHNOLOGIES** develops and integrates proprietary products and specialty engineering services, to create highly engineered solutions that sustain and enhance infrastructure across a broad range of end user markets.

### Specialty Contracting Companies:

**STRUCTURAL** Specialty Contracting integrates technology-driven solutions with specialty contracting services to improve, protect, and enhance the existing infrastructure of owners directly, and in partnership with designers and contractors. STRUCTURAL offers a wide range of specialty repair and maintenance services and is the largest concrete repair contractor in the United States, with over 1,000 employees working from locations nationwide and in select international markets.

**PULLMAN** Specialty Contracting integrates technology-driven, engineered solutions into its industry-leading contracting services.

PULLMAN's capabilities include specialty design-build services for new and existing structures. As a signatory to local, national, and international labor agreements, PULLMAN has access to a large base of skilled craftsmen across the country to supplement its own full-time workers in local offices in the East, Midwest, and West coast.

*As an equal opportunity employer, it is the policy of Structural Group to provide equal opportunity in employment to all employees and applicants. No person will be discriminated against on the basis of an individual's race, religion, color, sex, age, national origin, disability, or any other legally protected status in accordance with applicable law. Women and minorities are encouraged to apply.*

# WALT DISNEY PARKS AND RESORTS

## CONTACT US:

Walt Disney Imagineering

[jobs.disneycareers.com](http://jobs.disneycareers.com)

Walt Disney Imagineering (WDI) is the creative force that imagines, designs and builds all Disney theme parks, resorts, attractions and cruise ships worldwide. Imagineering's unique strength comes from its diverse global team of creative and technical professionals, who build on Disney's legacy of storytelling to pioneer new forms of entertainment.

Founded in 1952 as WED Enterprises to design and build the world's first theme park — Disneyland — WDI is where imagination and creativity combine with cutting-edge technology to create unforgettable experiences. The Imagineers who practice this unique blend of art and science work in more than 100 disciplines to shepherd an idea all the way from "blue sky" concept phase to opening day.

## WALT DISNEY IMAGINEERING

- 📍 **FOUNDED:** December 16, 1952
- 📍 **LOCATION:** Glendale, California (headquarters)
- 👥 **WORKFORCE:** More than 1,700 Imagineers worldwide

Since 1945, Wehr Constructors has developed a portfolio of healthcare, worship, educational, judicial, industrial and institutional facilities ranging in costs from \$100,000 to over \$75 million. Although our focus over the past 20 years has been healthcare and worship facilities, we have completed numerous educational and commercial facilities. Wehr Constructors is owned and operated by the Berry family which includes five generations of general contracting and engineering experience. Our Tampa, Florida office has seen exponential growth over the last 15 years. Headquartered in Louisville, Kentucky with offices in Lexington, Kentucky and Tampa, Florida, we are proud to be a successful partner in so many areas of building growth.

**Wehr Constructors is currently seeking individuals for our Project Management Summer Internship Program.**

WINTER

CONSTRUCTION

good experience builders™

# READY TO BUILD GOOD EXPERIENCES IN ATLANTA?

Founded in 1962, Winter Construction is an Atlanta-based multidisciplinary general contracting company. We build good experiences by providing quality construction and environmental services to clients in the hospitality, retail and mixed-use, government, education, corporate, religious, senior living, and multifamily markets in the Southeast.

Winter Construction is one of Atlanta Business Chronicle's **Best Places to Work** and **Healthiest Employer**.

We are hiring **Project Engineers** and **Interns**. If interested, please submit your resume at <http://tinyurl.com/submitwinterresume>.
